

3rd International Drug Discovery and Development Forum 2017

Day 1 – June 12, 2017

Special educational session on advanced microscopy for drug discovery led by Dr. Min Fu

Special educational session on advanced microscopy for drug discovery led by Dr. Min Fu

Special educational session on advanced microscopy for drug discovery led by Dr. Min Fu

Special educational session Introduction to hyphenated NMR techniques biochemical / Biomedical applications led by Dr. Robert Hambalek

Special educational session Introduction to hyphenated NMR techniques biochemical / Biomedical applications led by Dr. Robert Hambalek

Special educational session Introduction to hyphenated NMR techniques biochemical / Biomedical applications led by Dr. Robert Hambalek

INTERDISCIPLINARY WORKSHOP

Plant science, natural products, parasitology and health research

Dr. Donald Smith, Session Chair, presented on Signaling in the phytomicrobiome – the search for new plant growth promoting molecules

INTERDISCIPLINARY WORKSHOP
Plant science, natural products, parasitology and health research
Dr. Stan Kubow presented on Polyphenol protection against environmental contaminants

INTERDISCIPLINARY WORKSHOP

Plant science, natural products, parasitology and health research

Dr. Aimee Ryan presented on Manipulating tight junction barriers in development and disease: characterization of novel reagents that target Claudins

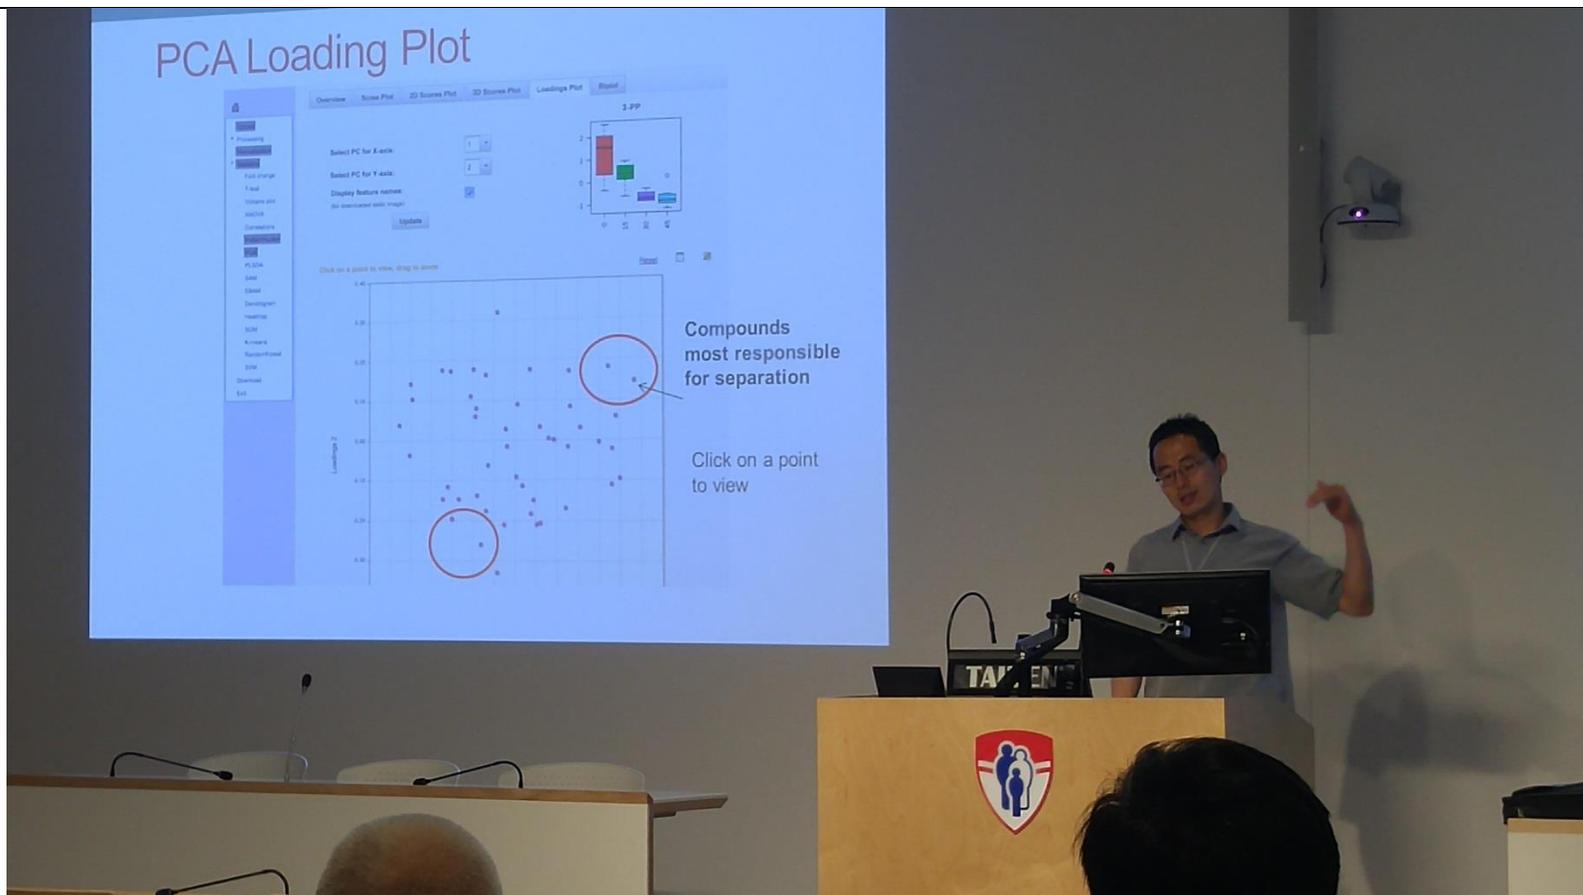

INTERDISCIPLINARY WORKSHOP
Plant science, natural products, parasitology and health research
Dr. Indra Gupta presented on Kidney stones, Claudings and a plant-based therapy

INTERDISCIPLINARY WORKSHOP

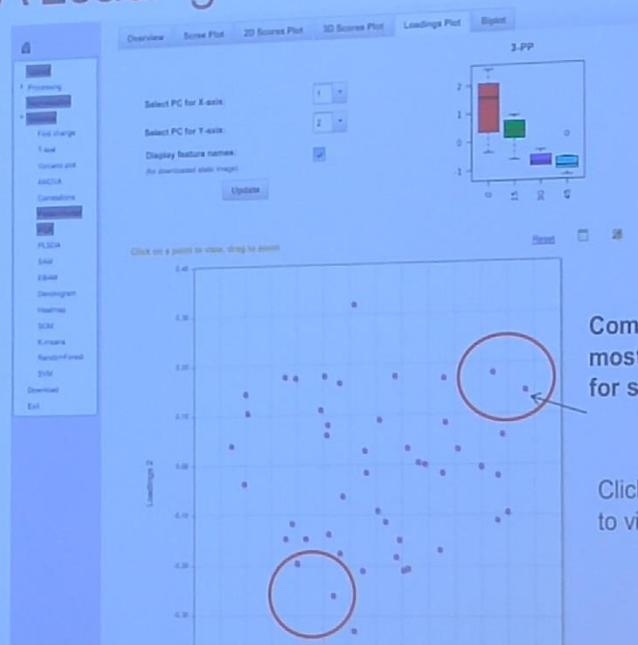

Plant science, natural products, parasitology and health research

Dr. Ashraf Ismail presented on Whole organism fingerprinting techniques for microbial identification

Special educational session: Metabolomics – from basic concepts to practical data analysis led by Dr. Jeff Xia

PCA Loading Plot

Compounds most responsible for separation

Special educational session: Metabolomics – from basic concepts to practical data analysis led by Dr. Jeff Xia

Special educational session: Metabolomics – from basic concepts to practical data analysis led by Dr. Jeff Xia

3rd International Drug Discovery and Development Forum 2017

Day 3 – June 14, 2017

Dr. Phil Gold, Special Invited Guest Speaker

Presenting the opening statement at Symposium II : Genes, data science, connectivity map and drug discovery

Dr. Phil Gold, Special Invited Guest Speaker

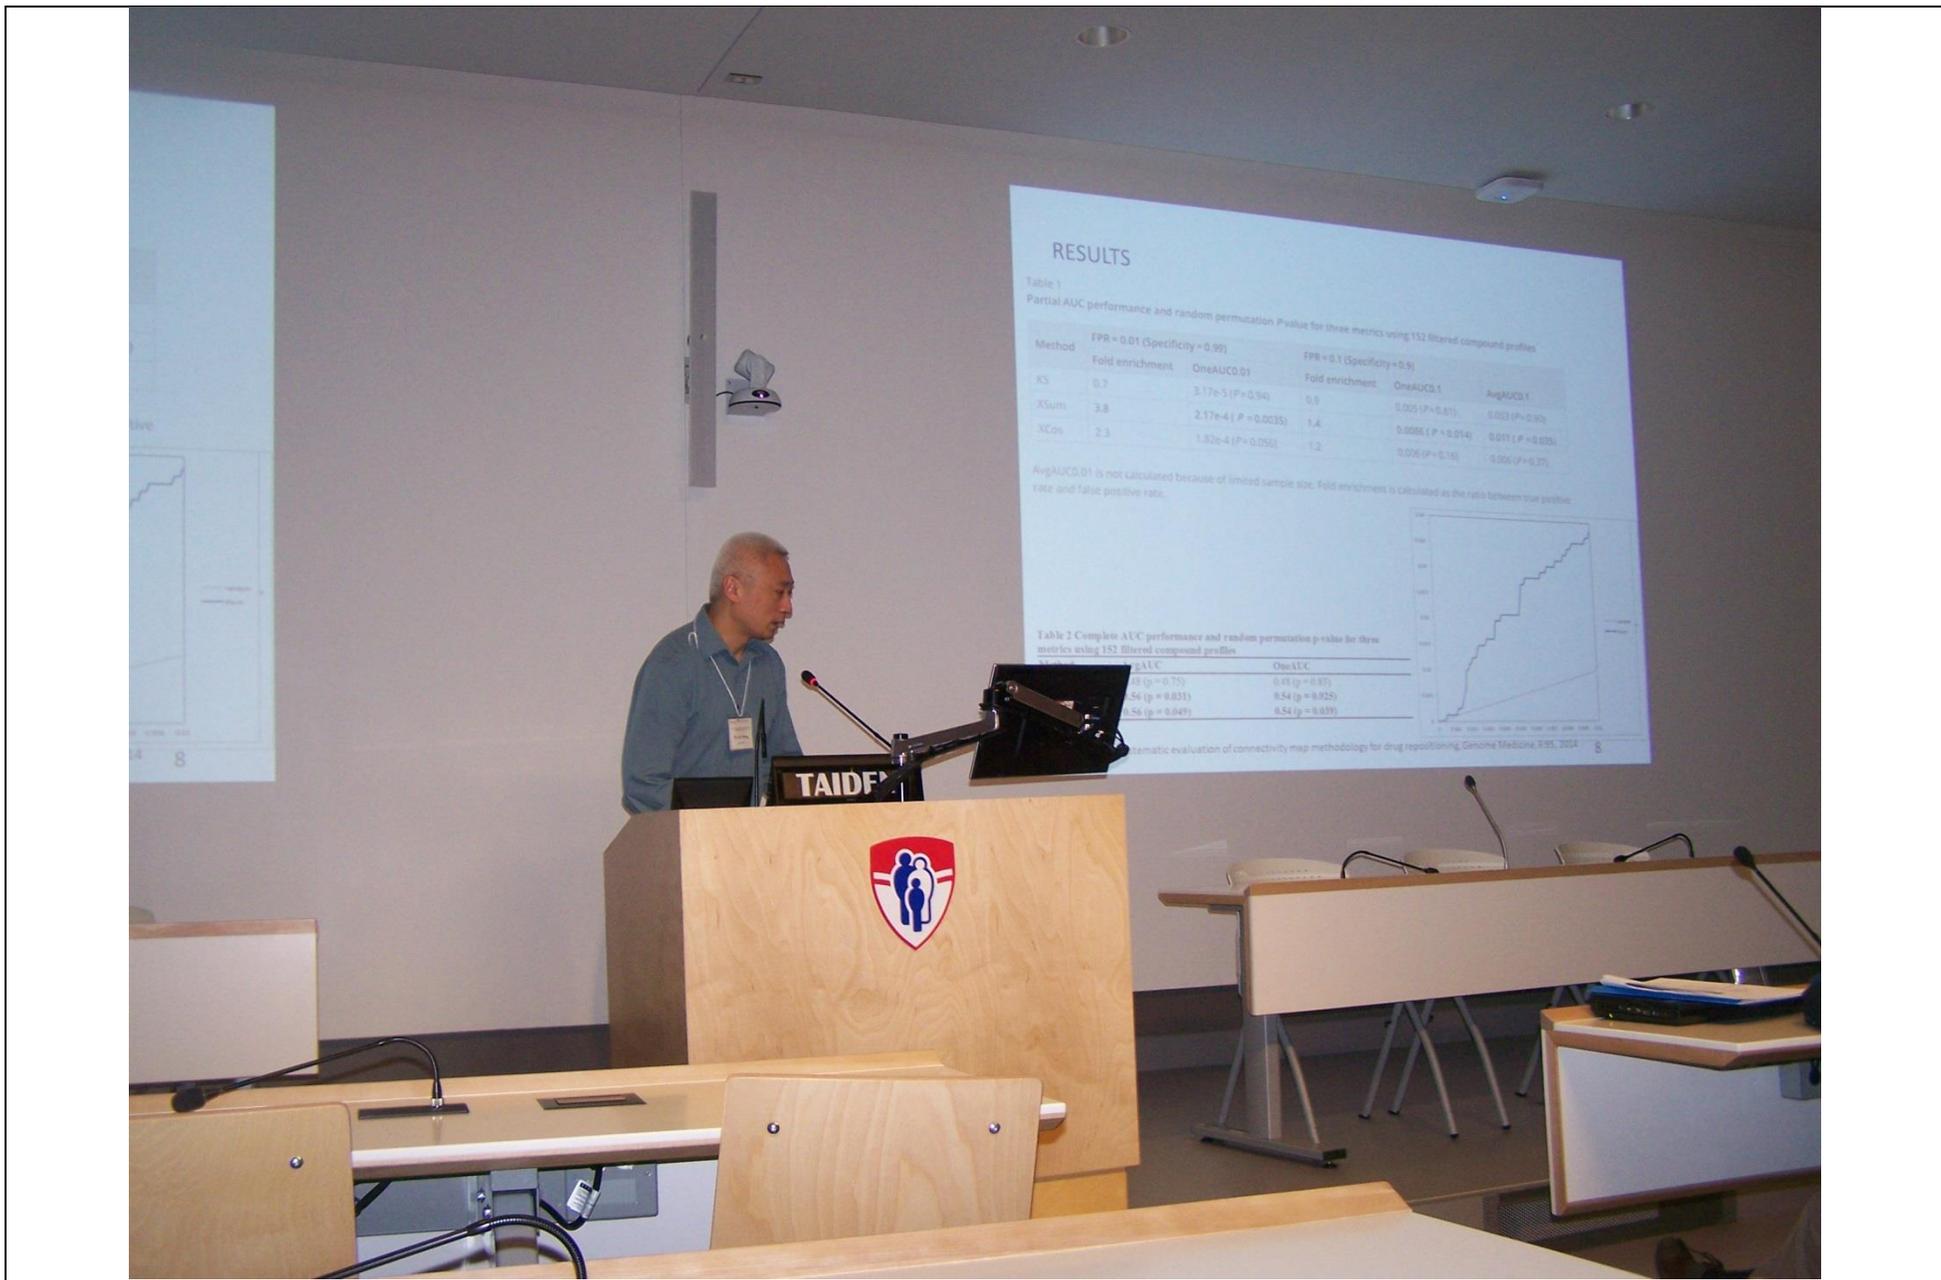

Presenting the opening statement at Symposium II : Genes, data science, connectivity map and drug discovery

Symposium II – Genes, data science, connectivity map and drug discovery - Dr. Brooke Fridley

Symposium II – Genes, data science, connectivity map and drug discovery - Dr. Jie Cheng

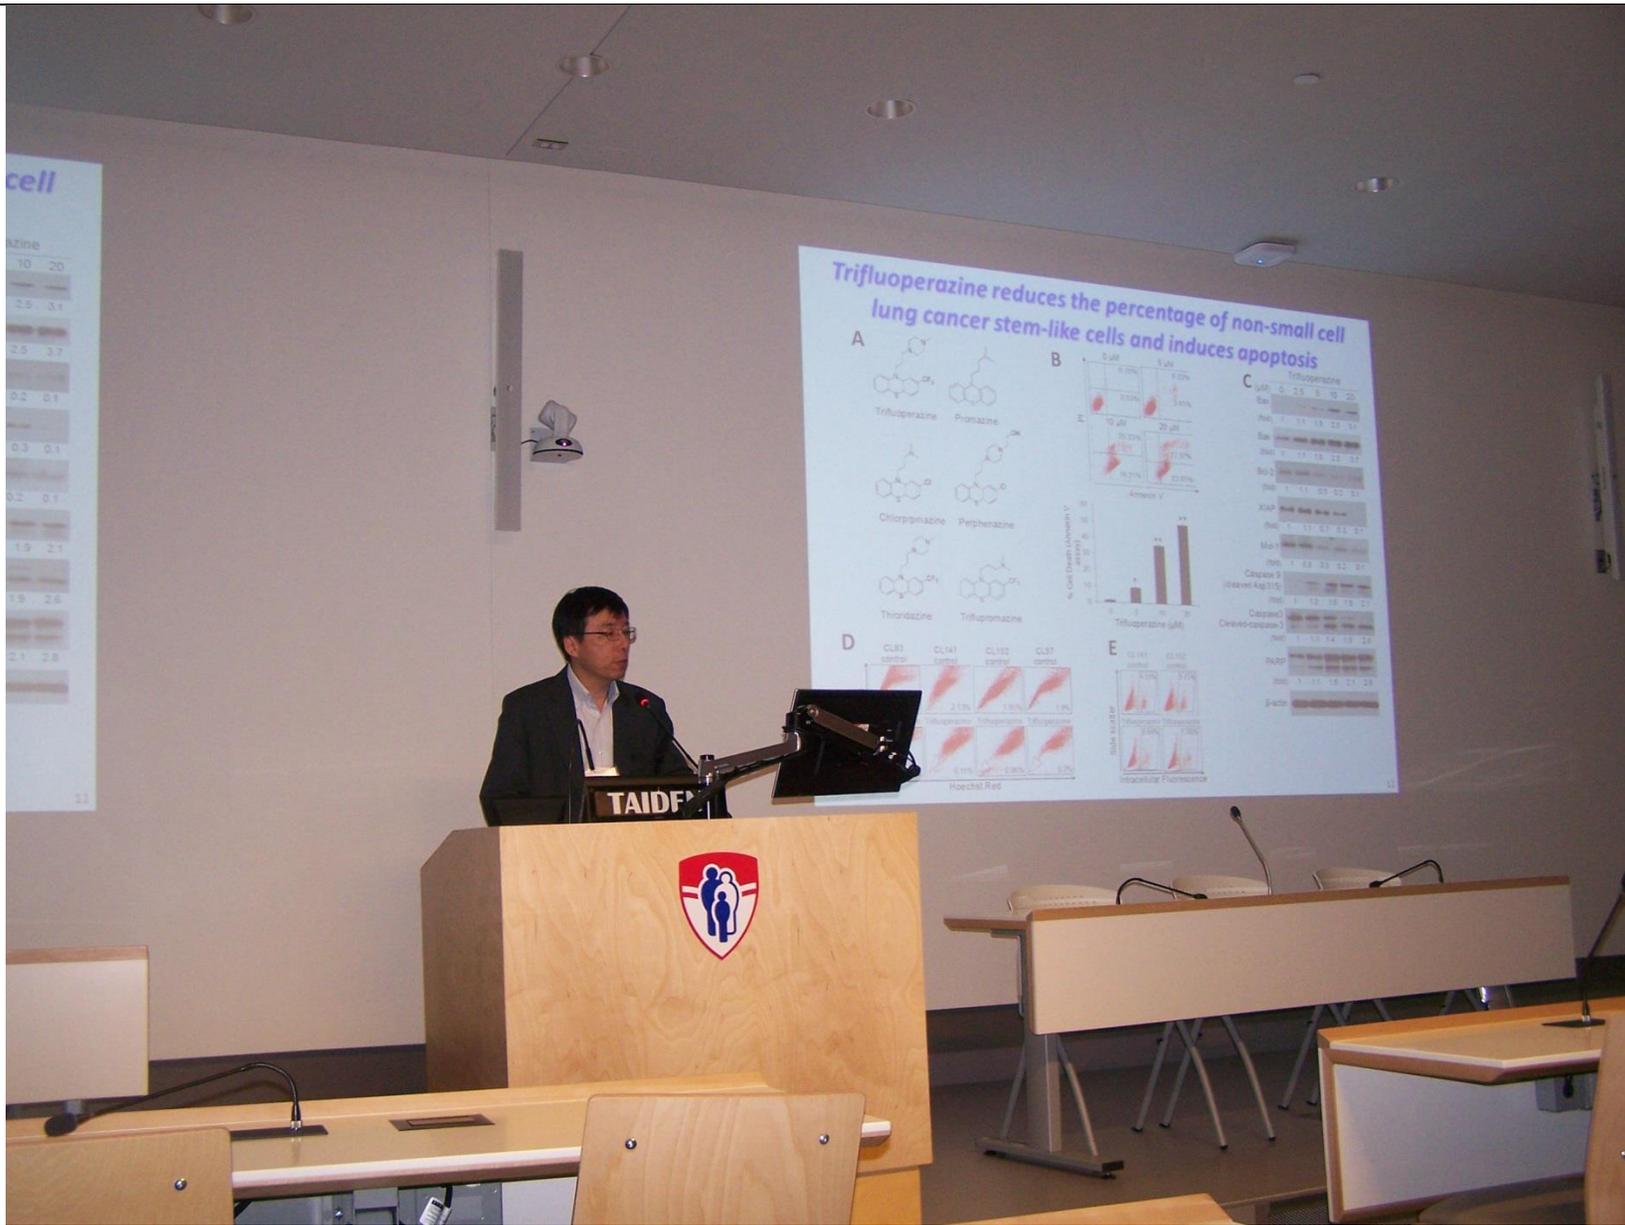

Symposium II – Genes, data science, connectivity map and drug discovery - Dr. Jie Cheng

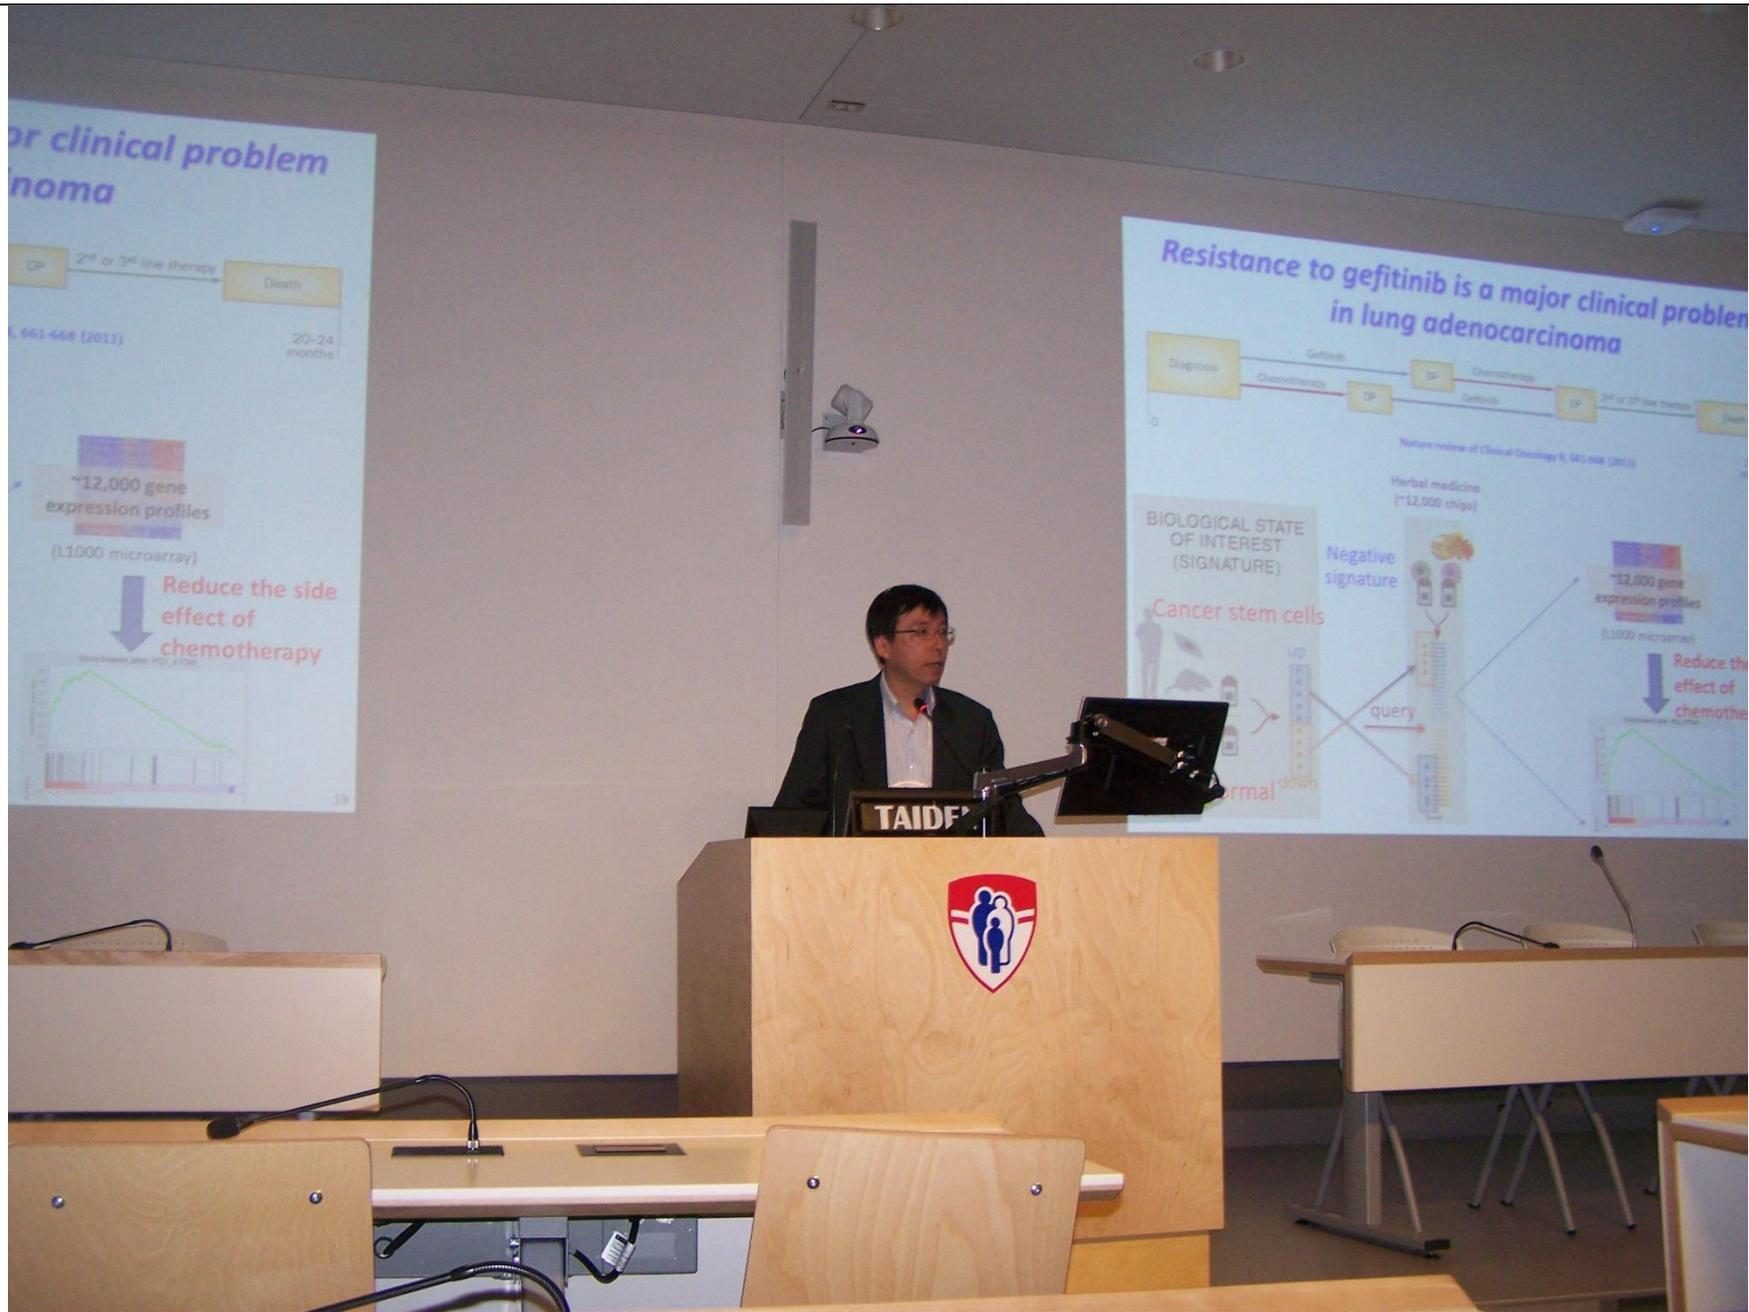

Symposium II – Genes, data science, connectivity map and drug discovery – question period

Symposium II – Genes, data science, connectivity map and drug discovery - Dr. Kolja Eppert

Symposium II – Genes, data science, connectivity map and drug discovery - Dr. Chi-Ying Huang

Symposium II – Genes, data science, connectivity map and drug discovery - Dr. Chi-Ying Huang

Symposium II – Genes, data science, connectivity map and drug discovery – Question period

Symposium II – Genes, data science, connectivity map and drug discovery

Left to right: Dr. Chi-Ying Huang, Dr. Jie Cheng, Dr. Brooke Fridley, Dr. Araving Subramanian and Dr. Kolja Eppert

Symposium III– Biomarkers and lung cancer - Dr. Kenneth Emancipator

Symposium III –Biomarkers and lung cancer- Dr. Bassam Abdulkarim

Symposium III– Biomarkers and lung cancer - Dr. Rui Manuel Reis and Dr. Bassam Abdulkarim

3rd International Drug Discovery and Development Forum 2017

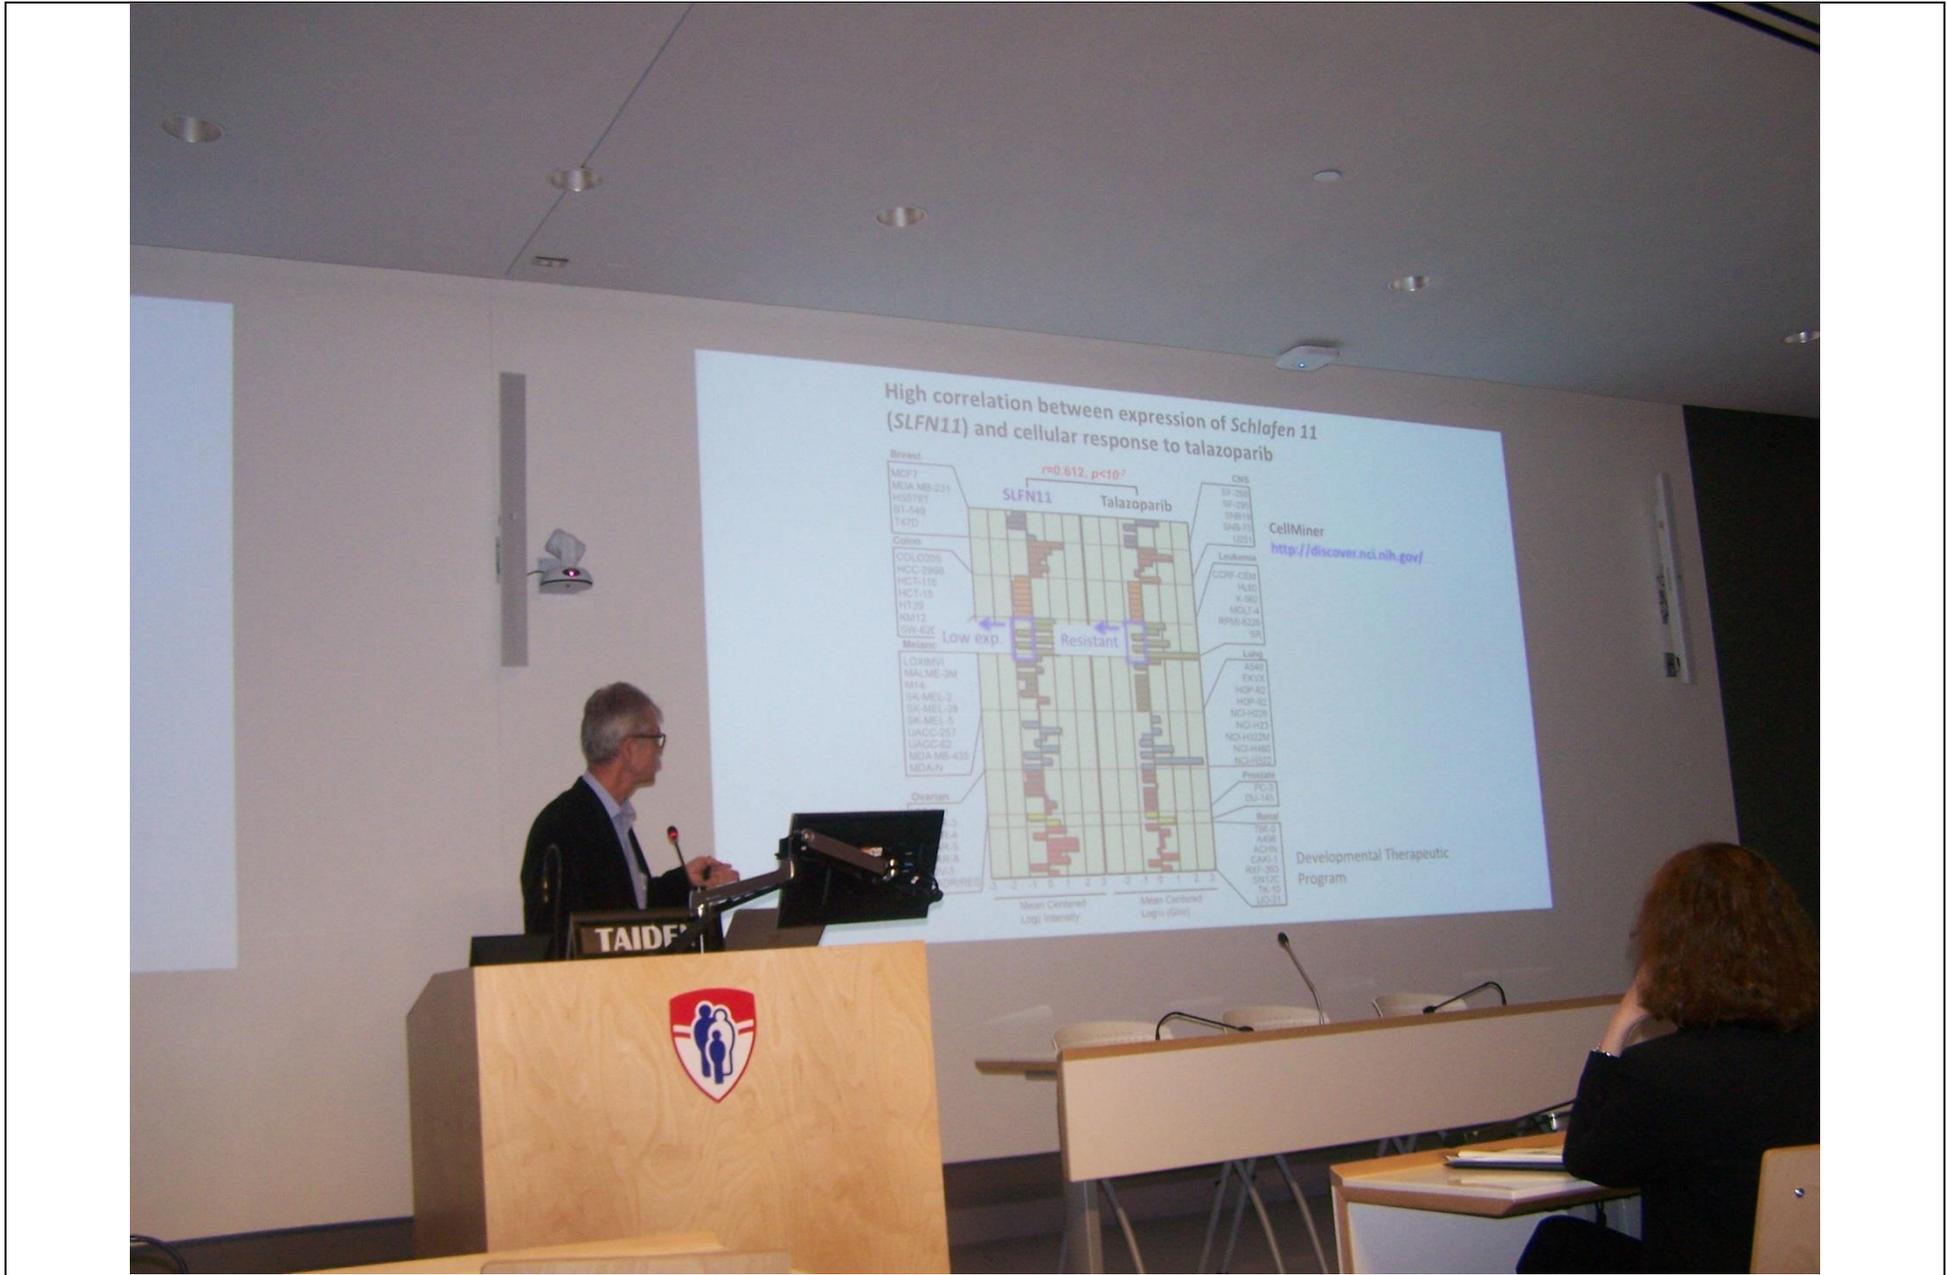

Day 4 – June 15, 2017 Oral Presentations Award Ceremony

Symposium IV–DNA targeting in the age of genomics – Session Chair Dr. Patricia Tonin

Symposium IV–DNA targeting in the age of genomics – Dr. Yves Pommier

Symposium IV—DNA targeting in the age of genomics – Dr. Yves Pommier

Symposium IV—DNA targeting in the age of genomics – Dr. Bertrand Jean-Claude

Symposium IV–DNA targeting in the age of genomics – Question period

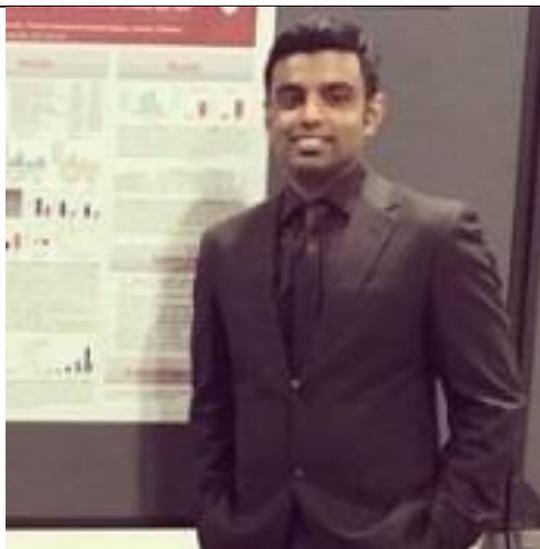

Award Ceremony for the oral presentations by trainees

Left to right: Dr. Bertrand Jean-Claude, Mr. James Doyle, Dr. Yves Pommier

Award Ceremony for the oral presentations by trainees
Left to right: Dr. Bertrand Jean-Claude, Mr. Jad Abi-Rafeh, Dr. John Hartley

Award Ceremony for the oral presentations by trainees
3rd Prize for Best oral Presentation Award – Mr. Niaz Mahmood

3rd International Drug Discovery and Development Forum 2017
Day 5 – June 16, 2017 Poster Presentations & Commercial Exhibits

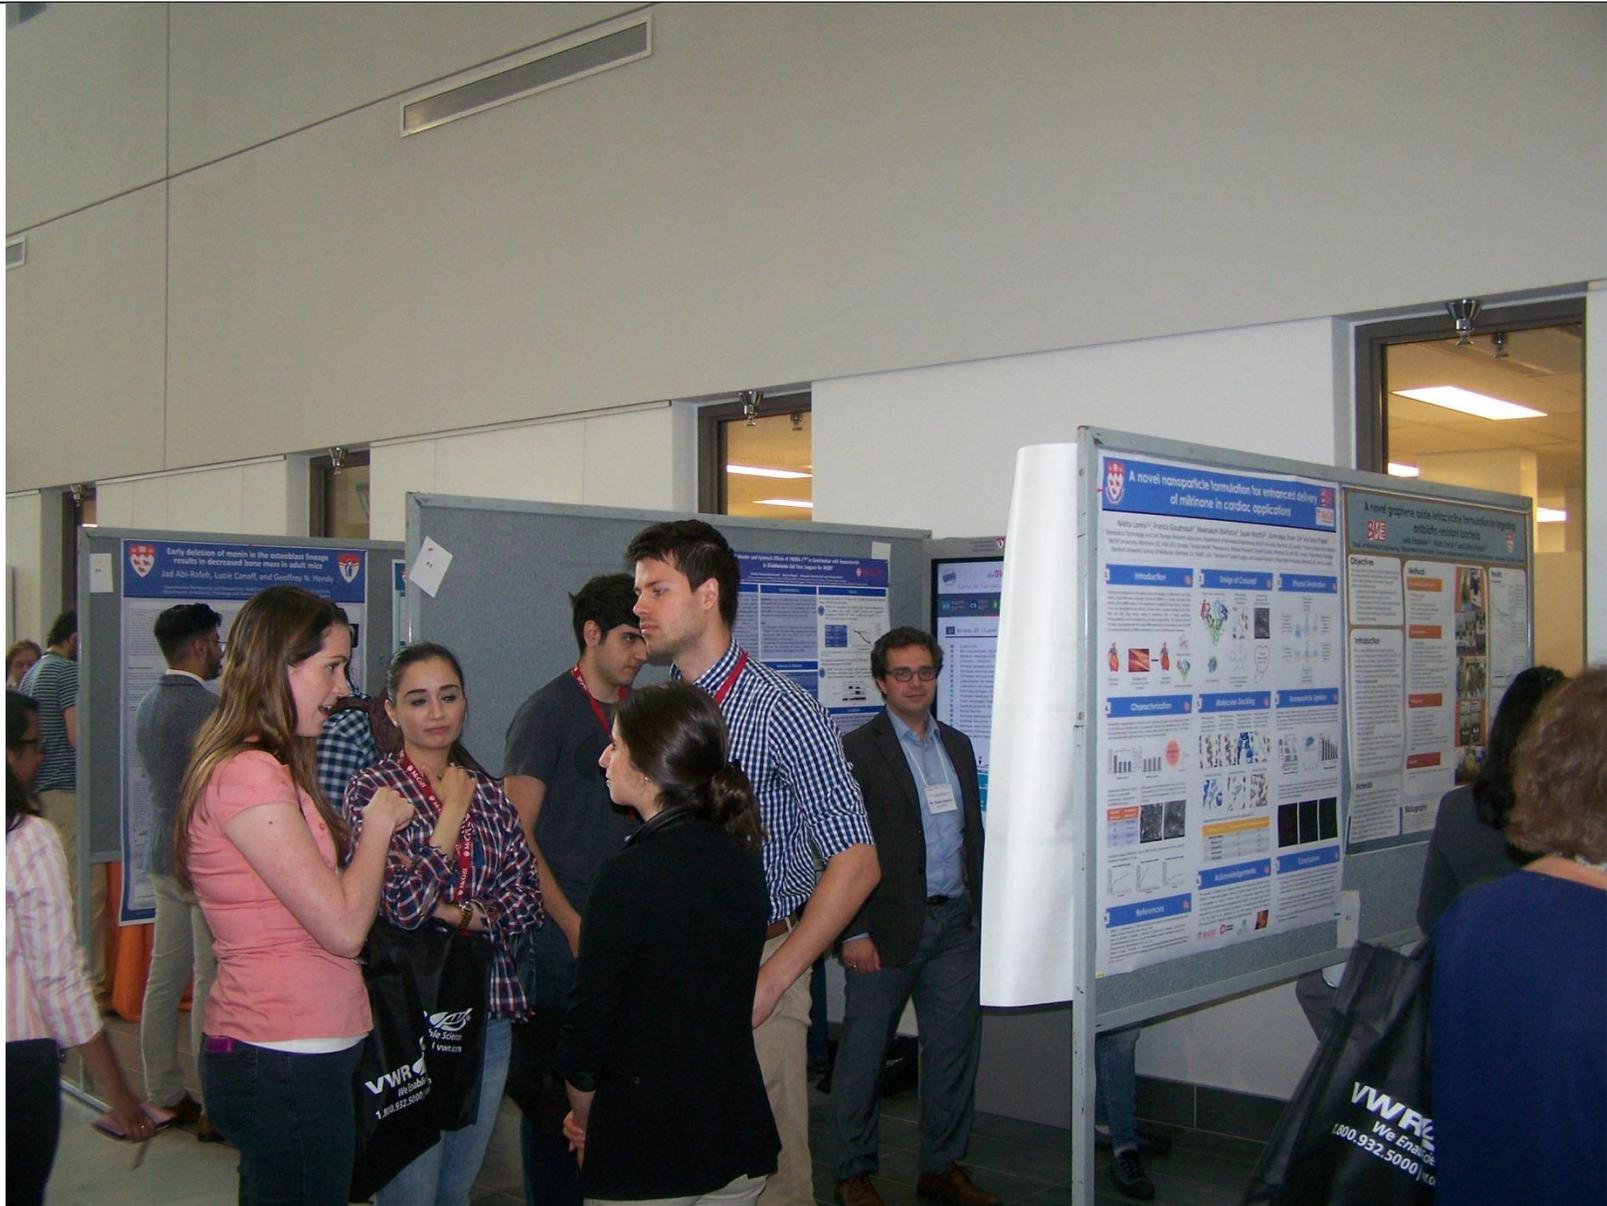

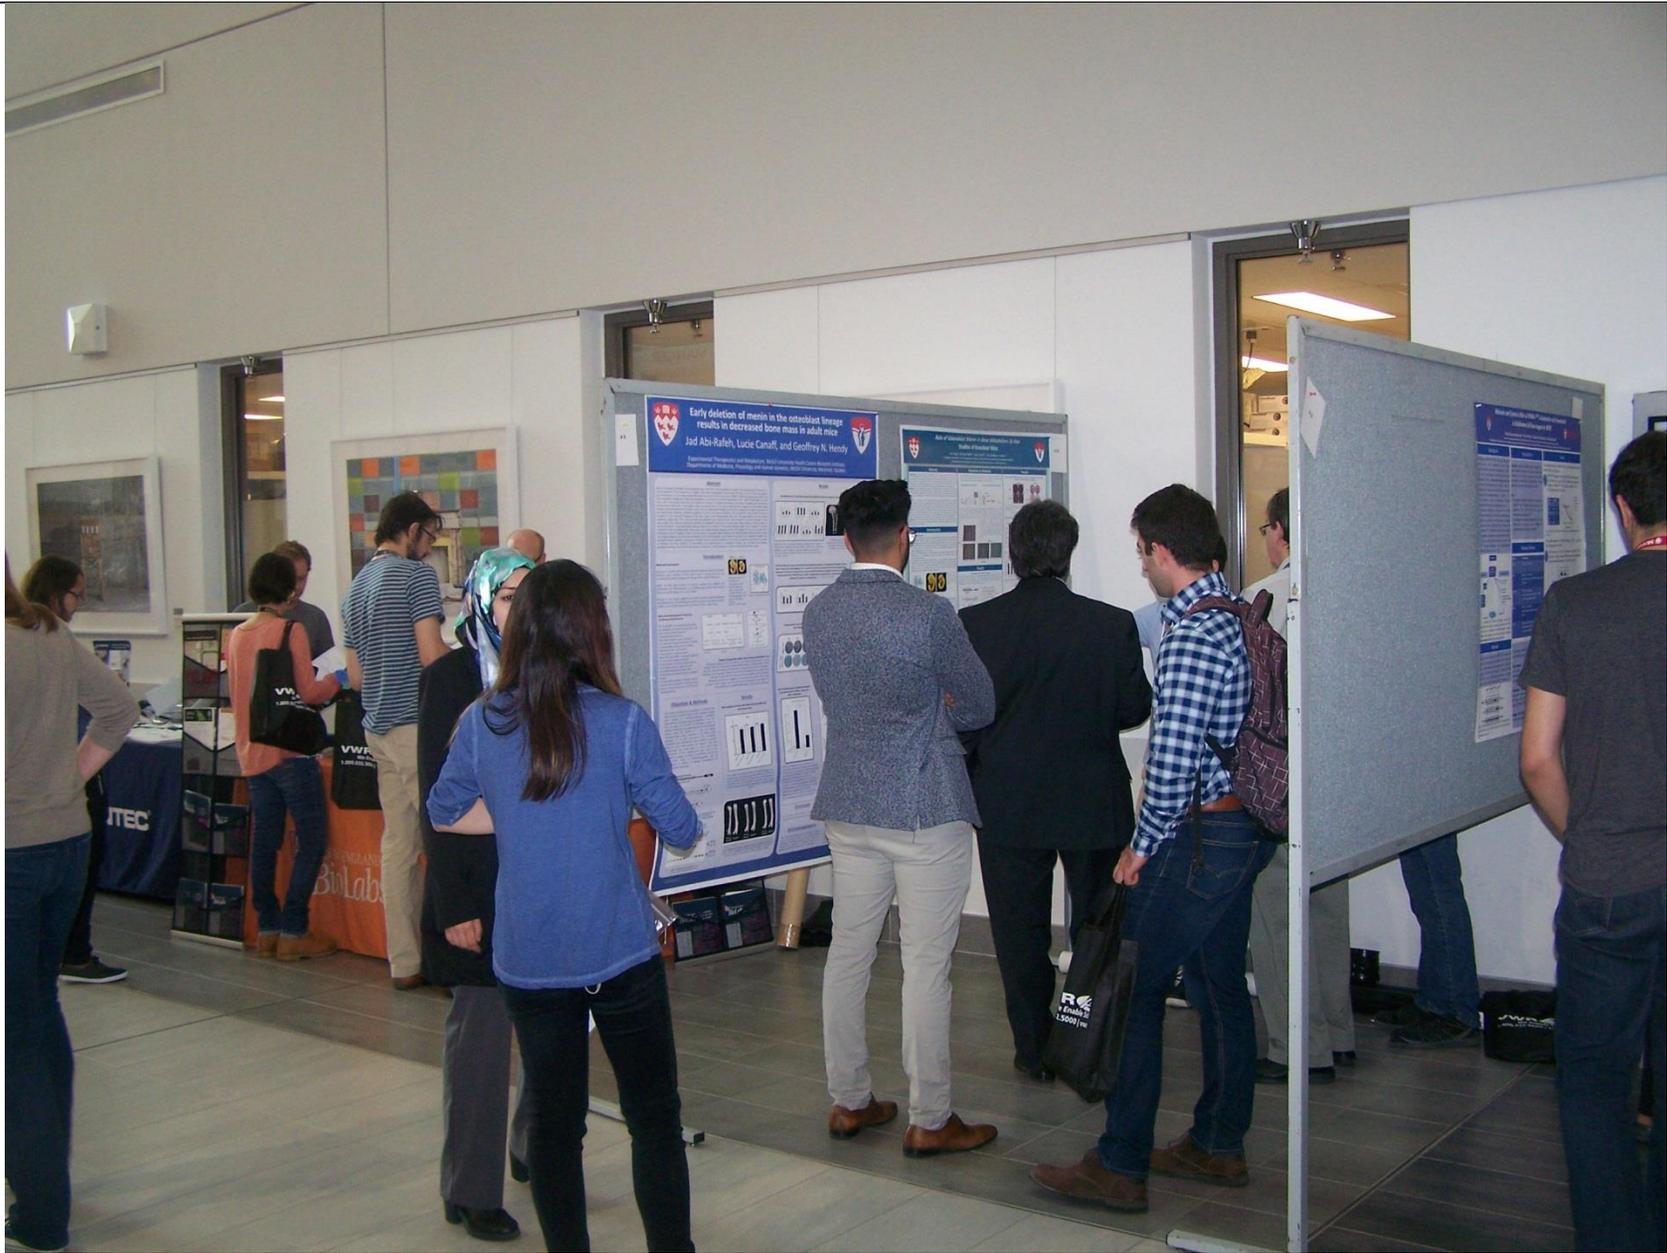

Panel of judges for the Trainees' Poster Presentations

Left to right: Dr. Siham Sabri, Dr. Costas Karatzas, Dr. Janusz Rak, Dr. Bertrand Jean-Claude, Dr. Robert Hambalek and Dr. Brian Gilfix

Poster session & Commercial exhibit in the Atrium - Research Institute of the MUHC

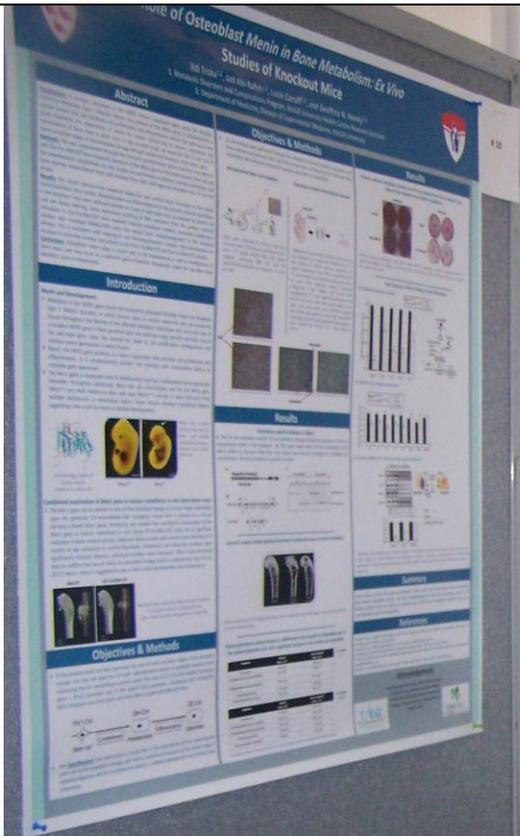

3rd International Drug Discovery and Development Forum 2017

Day 5 – June 16, 2017 Poster Presentation Award Ceremony

1st Prize for Best Poster Presentation Award - Ms. Zeinab Sharifi

2nd Prize for Best Poster Award presented to: Mr. Jad Abi-Rafeh
By: Dr. Janusz Rak

3rd Prize for Best Poster Award presented to: Ms. Lama Yamani
By: Dr. Janusz Rak

4th Prize for Best Poster Award presented to: Ms. Zhor Senhaji-Mouhri

5th Prize for Best Poster Award presented to: Mr. Martin Rupp

By: Dr. Siham Sabri

6th Prize for Best Poster Award presented to: Ms. Nikita Lomis
By: Dr. Shafaat Rabbani

By: Dr. Robert Hambalek

7th Prize for Best Poster Award presented to: Mr. Jeffrey Lynham
By: Dr. Robert Hambalek

8th Prize for Best Poster Award presented to: Mr. Yubo Cao
By: Dr. Siham Sabri

9th Prize for Best Poster Award presented to: Mr. James Doyle
By: Dr. Janusz Rak

10th Prize for Best Poster Award presented to: Mr. Ildi Troka
By: Dr. Janusz Rak

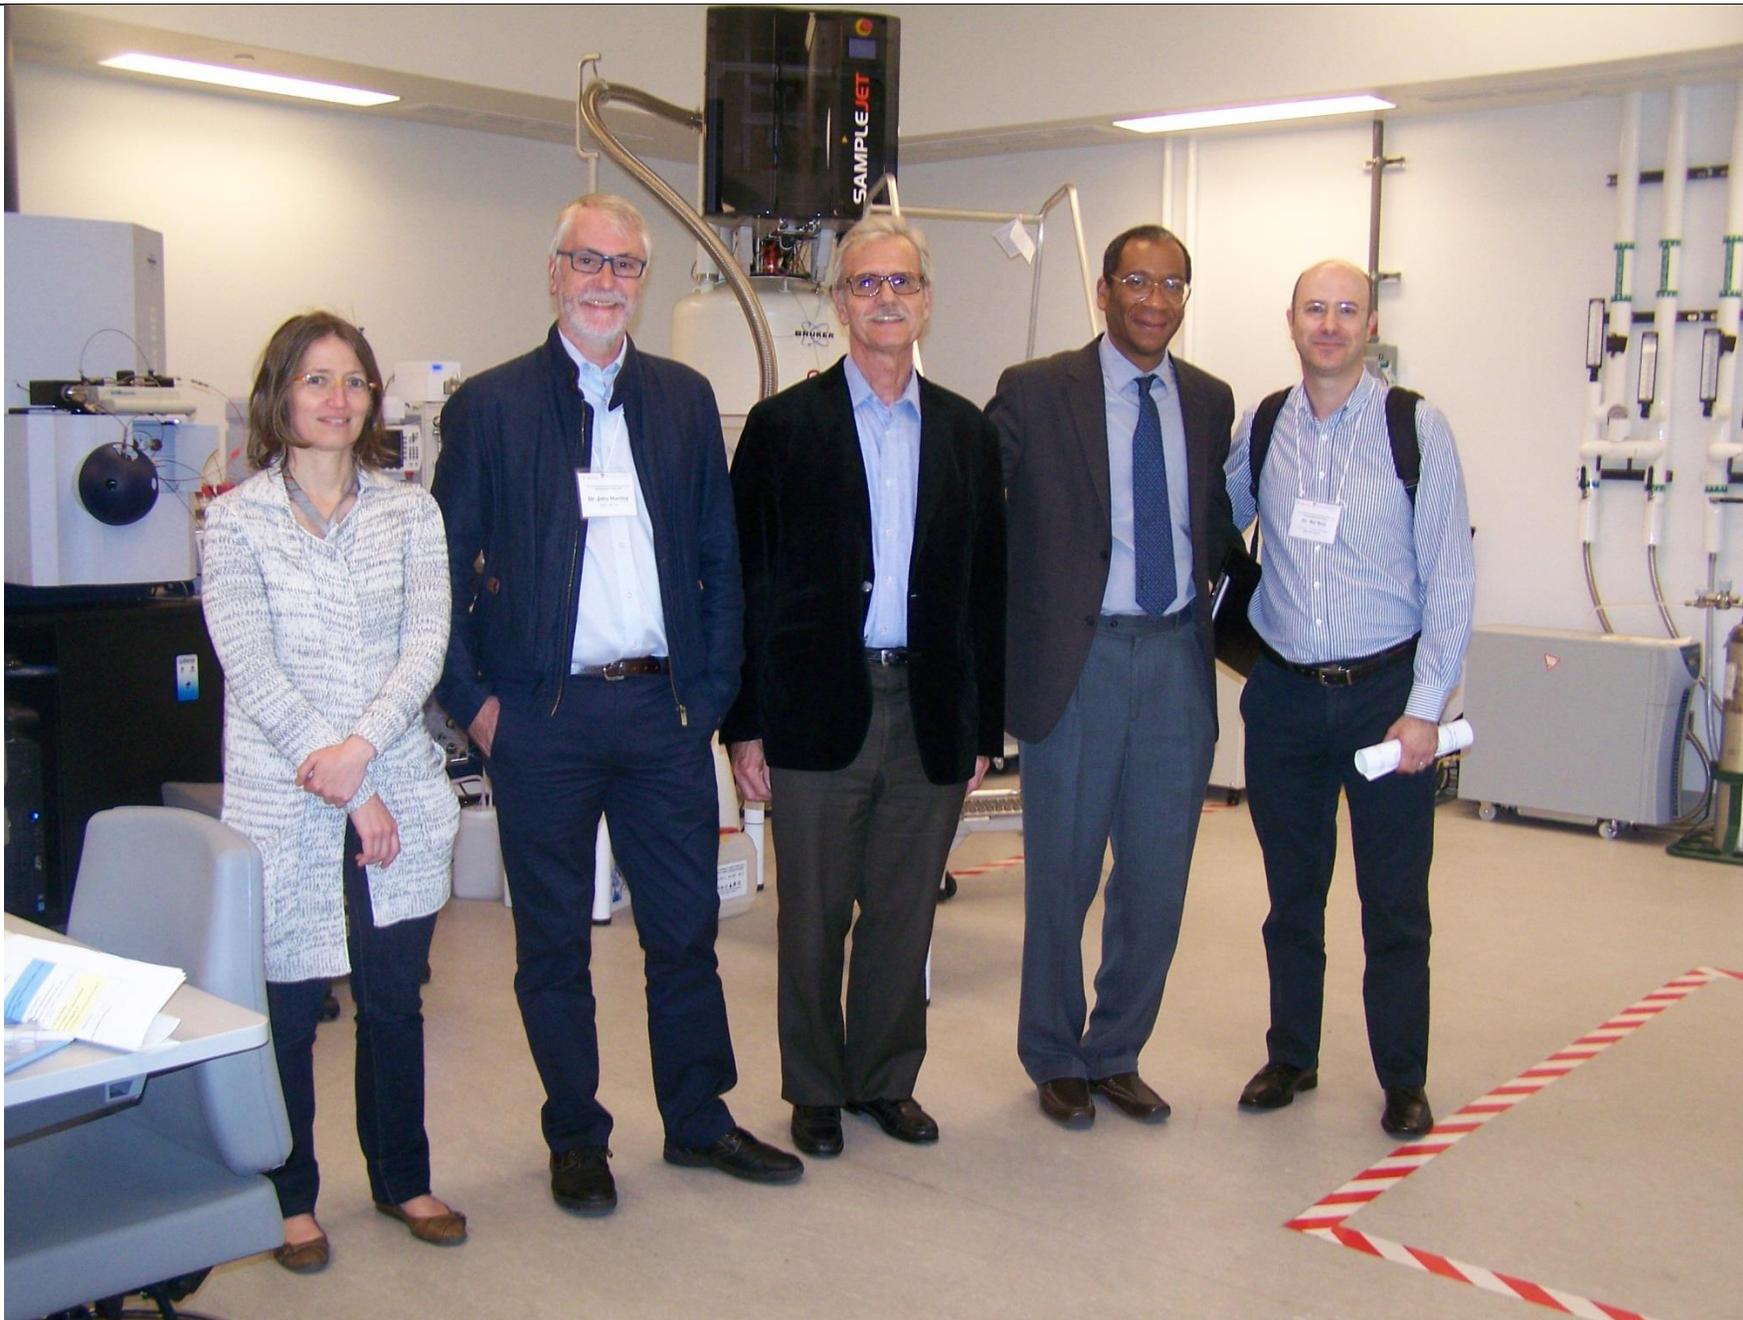

11th Prize for Best Poster Award presented to: Dr. Sylvester Jusu
By: Dr. Siham Sabri

12th Prize for Best Poster Award presented to: Ossama Moujabr
By: Dr. Robert Hambalek

13th Prize for Best Poster Award presented to: Leila Faradel
By: Dr. Janusz Rak

**Guided visit of the CTB Drug Discovery Platform at the Research Institute of the McGill University Health Centre
Left to right: Dr. Anne-Laure Larroque, Dr. John Hartley, Dr. Yves Pommier, Dr. Bertrand Jean-Claude, Dr. Rui Manuel Reis**
